

## **InfoGraphic Title**

The title should be accompanied by an introductory statement that frames the topic & angle of the infographic that follows.

## **Panel 1 Heading**

Frame the panel content with an appropriate heading for this specific content.

Tell a meaningful part of the larger story in this panel.

Transform multiple (at least 3–5) data points into a visual statement appropriate to the topic & aesthetic for the whole infographic. Use text primarily to contextualize data points or to supplement visuals with explanations only when necessary.

## **Panel 2 Heading**

Frame the panel content with an appropriate heading for this specific content.

Add a meaningful part of the larger story in this panel.

Transform multiple (at least 3–5) data points into a visual statement appropriate to the topic & aesthetic for the whole infographic. Use text primarily to contextualize data points or to supplement visuals with explanations only when necessary.

## **Panel 3 Heading**

Frame the panel content with an appropriate heading for this specific content.

Add a meaningful part of the larger story in this panel.

Transform multiple (at least 3–5) data points into a visual statement appropriate to the topic & aesthetic for the whole infographic. Use text primarily to contextualize data points or to supplement visuals with explanations only when necessary.

## **Sources**

List all sources for data and, if applicable, visual content that is borrowed.
