Project Evaluation: Codecademy Tutorials (CT)

The checklists indicate project elements where your submission meets expectations, and if applicable, where it still could benefit from further development or continued refinement. (The key to the evaluative comments is included below the checklist.) Your score by category appears in the Project Evaluation to the right.

Evaluation Criteria: Content

- # Memo is framed properly, provides appropriate context & justification for the project, a list of associated courses with appropriate detail about progress, & requests evaluation of the submission.
- # Includes **Learn HTML**.
